Management of Courts through NJDG

e-Committee, Supreme Court of India

National Judicial Data Grid (NJDG)

- National Judicial Data Grid (NJDG) is the repository/mine of case data available on public platform
- Considered as innovation by world bank in ease of doing business
- Provides monitoring of pendency and disposal of cases
- Several dashboards/reports to monitor cases based on various parameters
- High court management can use NJDG to its full potential to manage the courts under its superintendence
- Certain features are available on public interface of NJDG while more features are available on INTRANET NJDG – provided to the High Courts and District Courts to assist in management and decision making
- Provides facility to gain insight of pendency and disposal of the entire state or any particular location at finger tips

10 Examples on how NJDG can be used to answer questions assisting judicial management

Ex: Rajasthan State

1 How many civil and criminal cases are pending in my state?

- ✓ **Civil cases pending** : 5,32,068
