

## e-Courts Project

### Process Re-engineering

## Beginnings...

- **September 2012:** Preparation of Programme of Process Re-engineering and Change Management.
- **August 2013:** Committees of Identified JOs given assignment to revisit Civil and Criminal Manuals from the perspective of process re-engineering.
- **October 2013:** Committees were given vision in two days Conference at MJA Uttan by Hon'ble Shri Justice G.S. Patel.
- **June 2014:** Three member committee appointed for preparing final draft.
- **August 2014:** Report was sent after obtaining approval.

## Progress

- Cabinet of NC2 Migration, Industrial, Family, Education and District for all NC2G.

NC2-BHC	GRANT TOTAL	Dist. & Taluka Courts	MUMBAI	Coop. Courts	Family Courts	Industr. Courts	Labour Courts	School Tribun.	MACT MUMB	Goa	Diu Dmn	Silva sa

## DSA Responsibilities marked

- ❖ Hardware Maintenance & Installation
- ❖ Network management, maintenance and installation
- ❖ Database administration and management:  
MySQL and PostgreSQL.
- ❖ System software installation, upgrades and  
maintenance; trouble-shooting: Ubuntu,  
Libre Office, OS, shell scripts, drivers maintenance  
and upgrades.
- ❖ CIS NC2.0 application software
- ❖ Technical Support at District & Taluka levels.

- ❖ **Using Digital Connectivity for remote support.**
- ❖ Used Telegram Application to resolve issues encountered during migration and installation.
- ❖ Persons at Taluka and District Courts were able to share their problems with the help of screen shots and solutions were given to them through telegram.
- ❖ As it was group activity, most of the District avoided repetition of those problem for which solutions were given.
- ❖ Google sheets were used to coordinate between support structure created for migration and data replication.
- ❖ (eCommittee already mentioned these as best practices)

## 3 persons 3 diff locations

- Using sheets to involve stages and technology persons for an

## Training of JO's and staff

- CIS NC2.0 and Ubuntu 14.04 LTS training completed for all Judicial Officers (JOs).
- Maharashtra has 43 Ubuntu Master Trainers trained in CIS NC2.0.
- JO training planned and scheduled: Master Trainers travelled to the JOs' locations and trained them on site (at their locations) on weekends.
- Similar training Sessions were organised for DSAs, Sas, who in turn trained staff members.

## Basic Case Types Identified...

Type of Establishment	Civil	Criminal
Junior Division and JMFC	<ol style="list-style-type: none"><li>1. Regular Civil Suit</li><li>2. Summary Suit</li><li>3. MARJI</li><li>4. Regular Darkhast</li><li>5. Summary Darkhast</li><li>6. Final Decree Application</li><li>7. Mesne profits appli.</li><li>8. Election Petition</li><li>9. Civil Misc. Application</li><li>10. <u>MANRJI</u></li></ol>	<ol style="list-style-type: none"><li>1. Reg. Criminal Case</li><li>2. Summons Case/summary</li><li>3. Cri. Misc. Applications</li><li>4. Bail application</li><li>5. Remand application</li><li>6. Property return dispos</li><li>7. Municipal Appeal</li></ol>
Senior Division	<p>As above and</p> <ol style="list-style-type: none"><li>11. Special Civil Suit</li><li>12. Probate Petitions</li><li>13. Marriage Petitions</li><li>14. Custody / Guardianship</li><li>15. Land Acq. References</li><li>16. Spl. Darkhast</li></ol>	
District and Sessions (Trial) Court	<ol style="list-style-type: none"><li>17. Arbitration Cases</li><li>18. Transfer application</li><li>19. MACP</li><li>20. MACP Darkhast</li></ol>	<ol style="list-style-type: none"><li>7. Sessions Cases (IPC)</li><li>8. Special Cases (other Act)</li><li>9. Anticipatory Bail</li></ol>
District and Sessions (Appeal) Court	<ol style="list-style-type: none"><li>1. Regular Civil Appeal</li><li>2. Misc. Civil Appeal</li><li>3. Appeals under diff. Acts</li><li>4. Civil Revision Application</li></ol>	<ol style="list-style-type: none"><li>1. Criminal Appeal</li><li>2. Criminal Revision</li></ol>

## Rework existing case types in CIS

Short Form	Type	Modified Case Type	Remarks	Colours in Column E
Cri.Rev.App.	Criminal	Criminal Revision	No change	No Change required
Cri.M.A.	Criminal	Criminal M.A.	No change	Change is necessary
TADA S. C.	Criminal	Special Case	Case Type needs to be modified as Special Case with its Nature under TADA	Needs to removed
T.Cri.M.A.	Criminal	Criminal M.A.	Case Type needs to be modified as Criminal MA with its Nature under TADA	Requires Consideration
NDPS. S. Case	Criminal	special Case	Case Type needs to be modified as Special Case with its Nature under NDPS	
Spl.Case ACB	Criminal	special Case	Case Type needs to be modified as Special Case with its Nature under PCA	
Atro.Spl.Case	Criminal	special Case	Case Type needs to be modified as Special Case with its Nature under Attrocities	
E.C.Act.Spl.Case	Criminal	special Case	Case Type needs to be modified as Special Case with its Nature under EC Act	
Reg.Civil Suit	Civil	Reg. Civil Suit	No change	
Munci. Appeal	Civil	Misc. Civil Appeal	This Municipal Appeal against Taxation generally filed against Corporation in the Court of Civil Judge Senior Division. However Nomenclature as per civil Manual conflicts with Municipal appeals filed before Magistrate. Therefore there is need to issue advisory on this	E
Spl.Civ.Suit	Civil	Spl. Civil Suit	No change	
Reg.Cri. Case	Criminal	Reg. Cri. Case	No change	
Cri.Case	Criminal		This case type leads to confusion. This is omnibus category where one may register a case under this case type whereas others may not. Can we remove this case type??....It would be a hurdle in Uniformity	
Chapter Case	Criminal		Case Type needs to be removed....as the nature of case is not filed before Judicial Magistrate First Class...these type of cases are generally filed before the Executive Magistrate	E
L.R.M.A.	Civil	Civil M.A.	Case Type needs to be modified as Civil M A with its Nature under Land Acquisition Act	
Sum Case	Criminal	Sum. Cri. Case	No change	
Arbitration Case	Civil	Arbitration Case	No change	

## Revisiting Purpose Master

## CIS Reports – New era

- List of Manually prepared reports is compared with list of reports generated through CIS
- Formed Committees to consider adoption of reports from CIS to replace the manually prepared reports.
- Balance Sheet, Kachha Register, Moster List, Disposal List, Memorandum Book are some of the reports where shift to CIS is found more convenient to staff members.
- Keeping in mind data analytics to access the performance of various activities and overall performance of the Court/judge reports generation need to be undertaken.

## NJDG-Remote Administration

- NJDG's **Management Tools** allow access from the High Court to remote local administration in a virtual environment.
- **The Dashboard** enables viewing all relevant details in every Court in the State, the common pendency of all Courts in a given establishment and so on.
- **Query Builder** generates the necessary statistical reports. Used effectively, it is a powerful tool for planning, monitoring and resource mobilization.

## **Time consumption Manual Vs CIS**

- Major hurdle in data accuracy is burden on staff members to perform manual data feeding as well as electronic data feeding.
- Activities where manual as well as electronic data feeding work are identified as 1. Institution of cases 2. Writing Roznamas 3. preparing various returns.
- Now we are working on modalities to print roznama and paste it on farad sheet of the cases. Gradually we will obviate manual roznamas.
- Similarly above reports of Suit Register are being finalized to replace old registers.

## **Suitable Changes in Returns**

- Examining the Returns / Reports from new perspective.
- Data analytic exercise which was performed manually is being revisited to magnify scope of Judicial Planning and Monitoring.
- Decentralised Controls of Data analytics are already created through District Management Users.
- Other new data fields which are important in future planning, Monitoring and mobilising resources are being studied to include such reports in periphery development

## **Suitable Changes in Manual**

- After Finalizing forms, format of Registers, Returns and Reports necessary changes will be made to Civil and Criminal Manual so that statutory base is provided to ICT based Judicial Business.
- Rule making in areas of electronic evidence, preservation and destruction of electronic records is ongoing process and will be complete soon.
- Appearance through Video Conferencing is now being implemented in most of the places in Maharashtra.

## VC - Present Status

- 37 VC Units were Provided to Maharashtra Courts under eCourt Project (Mostly at Districts). All 37 are functional and being used.
- 231 VC Units were provided by Maharashtra Government (Mostly at Talukas) out of which 220 are functional.
- Very recently 24 more VC Units are informed to have been supplied by Maharashtra Government.

## Traffic Management of VC

- For remand, almost all the accused are being produced in afternoon session. The time for all the courts is almost common.
- There are one or two VC Units in Prisons (rarely three). Whereas accused need to be produced in various Courts in that District. As a result, it was felt that there is need of traffic management of VC sessions.
- In some of the Districts, we have started scheduling time table to Courts, Police Stations and Prisons so that production through VC can be managed without much trouble.
- On similar lines we are managing evidence in cases of under-trial prisoners

A Mission Mode Project to transform Justice delivery by ICT enablement of Courts

ABHAY S. OKA  
JUDGE

502, B-4  
Vikas Complex  
LBS Marg  
Castle Mill Naka  
Thane (W.) 400 601  
Tel. No. : 2547 74 09 (R)

16<sup>th</sup> June 2016

To,

All the Principal District Judges and  
All the Principal Judicial Officers.

I am happy to inform you all that the efforts taken by you all for strengthening Case Information System and making data available on National Judicial Data Grid are being appreciated.

The enhanced use of Video Conferencing is one of areas to be targeted now. The e-Courts Project provided Video Conferencing Units at 76 Court and Jail Locations. The State Government provided Video Conferencing Units at 231 Court Halls. It is expected that at all these locations optimum use of Video Conferencing should benefit in Court and Prison administration. You have to take initiative to plan out optimum use of all such units under your jurisdiction. You should closely co-ordinate with prison administration and with the help of Court Manager's devise plan of better methods of traffic management. The lists of all the locations is enclosed. The steps to deal with the available technology is also being provided.

You all are requested to make optimum use of this technology for better judicial process.

  
(A.S.OKA)  
JUDGE

## ANNEXURE

- 1) Each District Court needs to prepare a list of Video Conferencing Units along with its locations, user name and the list Courts which can use the Video Conferencing Units made available.
- 2) The list needs to be supplied to the Superintendent of Police, Commissioner of Police and Superintendent of Jail.
- 3) In every prison at the most there are 2-3 Video Conferencing Units. From single prison of the District, the detained persons need to be produced before various Sessions Court, various Magistrates in the District and all Taluka's within the district.
- 4) The production is mainly for two purposes:
  - a) For extending the remands
  - b) For under trial prisoners to attend the trial.
- 5) In most of the cases, at present remand work is attended by the Courts at a fixed time. As the accused is to be physically produced and taken back by the escorting party before a particular time to the prison, the remands work might have been scheduled at fixed time i.e. on the opening of the second session.
- 6) However, by the use of the Video Conferencing, we can use entire working hours of the day for the production of the accused in whose cases chargesheets have not been filed.
- 7) Similarly, the entire day can be used for recording evidence in cases of under trial prisoners, provided their schedule is fixed.
- 8) In cases of under trial prisoners time slots need to be defined for Sessions Cases, Regular Criminal Cases and Summons Cases. In the event of need for extending the time beyond the allotted slot, there has to be a communication with the Superintendent of Jail at the same time with the Court in whose favour the ensuing slot is reserved. This equally applies when the work of recording evidence could not be completed or could not be attended for unforeseen reasons or gets completed before the time allotted in the slot.
- 9) There has to be proper division of days and / or time slots between the Courts in Talukas and the Courts at District Headquarters. While planning schedule for Video Conferencing, daily production of number of accused, man power required, Distance Constraints, Topological Constraints, seriousness of the offense can be taken into consideration.
- 10) The distribution of the traffic management of Video Conferencing Sessions needs to be fairly distributed between the District and Talukas. For working out schedule of Video Conferencing Sessions, the representative from the District Prison needs to be part of this process. There has to be reason for departure from even distribution of day / time slots.

..2..

..2..

- 11) Whenever, any accused from any other Districts Prison needs to be produced on production warrant, the first production by police needs to be physical production only. However, once such accused is taken into Judicial Custody, he can be produced through Video Conferencing from any other District prison. For that purpose, user name of Video Conferencing needs to be shared between the concerned District Prison and the Court.
- 12) Some useful tips to use Video Conferencing:-
  1. The Video Conferencing rooms should appear bright and clear (Light arrangement).
  2. When somebody sits for Video Conferencing Session, it needs to be ensured that the visible part on the screen face / body, has sufficient light from the opposite direction of the face.
  3. During Video Conferencing Sessions, the face should not get shadow, blurred or darkened.
  4. An arrangement is necessary to place the name plate of the person / Judge along with his designation who is attended the Video Conference. The contents of the name plate should be clear to give an idea to the person at the other end about the name and designation of the person with whom he is making Video Conferencing.
  5. The options like rooms can be used where there are more than two users involved in single Video Conferencing Session. The Video Conferencing can be conducted in two ways viz. namely directly connecting user, bringing all users in the room of one prefixed user. The option of room is generally used when Video Conferencing is scheduled among more than two members. While using room option, every user needs to be informed in whose room the Video Conferencing will be conducted, so that he can be ready for the same.
  6. There is option of online chat which can be used when either sound is not audible or something needs to be clarified to either of the users.
  7. If some documents are to be referred or shown to the persons in the prison or at other end in that case, such documents need to be opened first and then screen can be shared to the person on Video Conferencing.
  8. Particularly when witness is giving evidence on Video Conferencing and when the accused is also on Video Conferencing in that case the screen sharing of the documents can be useful option.

..3..

..3..

9. Whenever, during ongoing Video Conferencing some personal talk is to be made with the staff members or persons present in the Video Conferencing room, please ensure that your mic is turned off.
10. In the evidence recording you can mention the time of Video Conferencing from and to.
11. It is a best practice to keep register in the Video Conferencing room. Such register needs to have entries about in time and out time of the persons whose Video Conferencing Sessions are scheduled.
12. At the beginning of every Video Conferencing Session Judge needs to introduce himself about his name and designation and the case in which he is conducting Video Conferencing Session. Similarly, Judge needs to confirm whether the person at other end is the same accused which is named in the proceeding.
