<b>VIII. GENERAL SUGGESTIONS</b>				
1. Three most important learning achievements of this Programme	<p>1. Role of media affecting the trial in the appropriate court of law; Improvement in orientation of advocates; Improvement in legal education system.</p> <p>2. The best part of the programme was the manner, in which the judges narrated their personal experiences and acted within the frame work of law to the best of use for the society at large.</p> <p>3. Very relevant from overall perspective.</p>			
2. Which part of the Programme did you find most useful and why	<p>1. All were relevant and good as they addressed the current problems and probable solutions.</p> <p>2. <b>Session 1: Judiciary and Media: Need for Balance</b> -which related to judiciary and media- need for balance; <b>Session 4: Inner Re-engineering for Attitudinal Changes &amp; Bias</b> - which related to inner strength of the judge.</p> <p>3. None.</p>			
3. Does the programme need further modulations or change	<p>1. It may be updated based on change in legal position and new facts/Rules/regulations.</p> <p>2. I think apart from judges even other state holder- like in the present programme The persons directly associated with the mode of work with Artificial intelligence should be part of the programme, so that we can learn from the limitations faced by them and also their innovative ideas.</p> <p>3. None.</p>			
4. Kindly make any suggestions you may have on how NJA may serve you better and make its programmes more effective	<p>1. Keep it up.</p> <p>2. I think there can be interactive sessions, which can be very effective. There should be continued legal education for judges also as some of the subjects may be new and some insight can be there for many of us.</p> <p>3. A great effort by Director, NJA for continuing the programme.</p>
